Disclosure of Conflicts of Interest
Postgraduate Institute for Medicine (PIM) requires faculty, planners, and others in control of educational content to disclose all their financial relationships with ineligible companies. All identified conflicts of interest (COI) are thoroughly vetted and mitigated according to PIM policy. The existence or absence of COI for everyone in a position to control educational content will be disclosed to participants prior to the start of each activity.

The faculty reported the following relevant financial relationships with ineligible entities related to the educational content of this CE activity. These relationships have been mitigated:
