This list of resources is meant to guide you in finding transportation services while at the 2025 Annual SMA Conference. The information here is mostly specific to travel in and out of John Wayne Airport (SNA), Long Beach Airport (LGB), Ontario (ONT), and Los Angeles International Airport (LAX). To ensure up to date information, we recommend you call companies directly to make your arrangements. Please email [communitysupport@curesma.org](mailto:communitysupport@curesma.org) with feedback on the resources provided here and to provide suggestions for resources to be added to this list.

**Please note: Due to the high demand for wheelchair accessible transportation to and from conference, if you or your child are using a manual chair and are able to transfer from the chair and stow it while in transit, consider utilizing a van or SUV service to allow for the shuttles and vehicle with lifts and ramps to be available for those who are unable to transfer. Thank you!**
