

Spring 2025

SMA Community Update from Novartis

Dear SMA Community:

As winter turns to spring, we want to recognize that we have had an amazing time connecting with you at the Summit of Strength events so far this year. We are excited to continue these meaningful interactions with the community during upcoming Walk-n-Roll events and the annual Cure SMA Conference.

We recently presented data at clinical and scientific conferences and look forward to sharing more with the community.

As always, we are deeply grateful for your partnership, your trust, and your support. Your involvement is invaluable to us, and we look forward to continuing to work together to improve the lives of those impacted by SMA.

With gratitude,
Your Novartis Team

We Are Listening to the SMA Community

Our Novartis teams have engaged the community via insight panels and patient and caregiver advisory boards comprised of teenagers, adults, and care partners. The invaluable insights from these activities have been critical in shaping Novartis resources, business approach, and education approach. We also had the privilege of hosting patient speakers who shared impactful perspectives of their personal experiences directly with Novartis senior leadership.

These interactions ensure that everything we are doing is patient, family, and community focused.

Thank you to those who have participated in our listening efforts, as well as the community of families who have been part of our clinical trials and long-term follow-up studies. Your continued engagement is greatly appreciated and is making a difference.

6 Patient Speaker Engagements

5 Advisory Boards

Engaging with the SMA Community

Summit of Strength Events Have Been a Center of Interaction

Summit of Strength events have been incredibly meaningful for our team, and we are honored to get the opportunity to speak with the community. Novartis Associates are featured above at the event in Charlotte, NC.

Novartis Attends Cure SMA Evening of Hope, Miami

The Novartis team was honored to have the opportunity to support and attend the Cure SMA Miami Evening of Hope, an unforgettable night focused on raising funds and awareness for the SMA community.

OneGene Program® is now Novartis Patient Support™

Novartis Patient Support™ is there for your family at every step

Novartis Patient Support™ offers the same key support as OneGene®, including one-on-one case coordination and family guidance during treatment. The only thing that will change for families is our new name, aligning with the mission of Novartis to support patients.
